Course Description:

This Personal Protective Equipment course is aimed at people whose job requires them to wear any type of PPE. It identifies the importance of wearing the PPE, using it correctly and looking after it properly.

You will learn about The Personal Protective Equipment at Work Regulations 1992, understand the different types of PPE that might apply to you, and identify the signs that might be in a workplace showing the mandatory PPE.

Learning Objectives:

- Understand where PPE fits into the Hierarchy of Controls
- Describe your responsibilities relating to PPE
- Describe your employers responsibilities relating to PPE
- Identify different types of PPE
- Describe how specific PPE should be used
- Identify PPE signs and symbols
- Describe how to store PPE correctly
- Understand how to dispose of PPE correctly

Accreditation:

This course is written in accordance with the **Health and Safety Executive** (HSE) guidance.

The HSE is Britain's national regulator for workplace health and safety.
